

# **Workshop on Research Methodology: Writing Research Proposal**

## **Organized by: Department of Public Health State University of Bangladesh (SUB)**

This workshop series is designed to enable health personnel to conceptualize health related research and to conduct research independently. The workshop series is composed of 10 independent (one day) sessions. Each workshop session focuses on individual domain of Epidemiology.

In current session instruction will be provided on how to design research projects using concepts of research methods, data collection and analysing of data as well as interpretation, details on sampling methods and calculation of the sample size for a study, The workshop will help the health personnel involved in teaching for conceptualizing research methods which will eventually help them in teaching as well as guiding/supervising students' thesis or dissertation. Young researchers as well as student researchers will be benefited in conducting their thesis and dissertation. For NGO professionals, the course will be particularly helpful as the course will enable them to design, evaluate, plan and conduct research independently. For general and specialist medical practitioners, the course will help to practice evidence based medicine.

### **Prospective Participants**

Health personnel, General practitioners, Specialist medical practitioners, Researchers, NGO professionals working in health related issues, teaching professionals involved in public health and community medicine, Student researchers.

### **At the end of this Workshop, participants are expected to**

- a. Learn to design research projects using concepts of research methods
- b. Learn basic tools of statistics that are applied in research
- c. Choose proper sampling technique, sample size for survey and calculation of the sample size for a study

### **Resource Persons:**

- 1. Dr Anisur Rahman PhD(Sweden)**
- 2. Dr Tajul Islam MPH (Thailand)**
- 3. Dr Nazmul Karim M.Phil in Epidemiology (Australia)**

**Duration: 1 day**

**Date: 13 February, Saturday. Time: 10:00 AM - 5:30 PM**

**Venue: SUB, 77 Satmasjid Road, Dhanmondi, Dhaka-1205**

Last date of registration: **10<sup>th</sup> February 2009**

Registration: **Registration fees: 2500/- per person**

Early bird registration: **5<sup>th</sup> February, 2009 30% discount**

Course material and refreshment including lunch will be provided

Limited seats are available

**Dr. Nawzia Yasmin MBBS (DMC), MPH (Sydney Univ.-Australia)**
